**Recall of Nestlé Pure Life Purified Water  
ONLY: One Gallon Containers,  
ONLY: Sold in Shop-Rite Stores, and  
ONLY: Date code May 5, 2008 produced between 8:00 – 9:00 AM**

(GREENWICH, Connecticut, June 24, 2008) – This announces a product recall for the one-gallon **Nestlé Pure Life** Purified Drinking Water sold **ONLY in Shop-Rite stores** in the five Northeast states of Connecticut, Delaware, New Jersey, New York and Pennsylvania. This affects **ONLY** the one-gallon size.

Fewer than 150 one-gallon bottles of Nestlé Pure Life Purified Water are implicated, produced in a short timeframe on May 5, 2008 between 8:00 AM and 9:00 AM. The product date code is printed on the shoulder of one-gallon bottles. The code is:

First line.....050508126WF024  
Second line..... Starts with the numbers “08”  
For example: 0801BB05/2010

The product in question may contain a diluted form of a common food grade cleaning compound that results in a bitter or sour taste. This could pose a potential health concern if ingested in large quantities over an extended period of time and should not be consumed or used in preparing infant formulas or other foods or beverages. No illnesses have been reported.

To further assure consumers, Shop-Rite, as of Monday, June 23<sup>rd</sup>, has removed any remaining affected product from their stores and warehouses.

Consumers who possess this product or have questions should contact the company at a toll free number **866-599-8980** available 24 hours a day. This same toll-free number is also printed on the front of all product labels for the one-gallon size.
